MONTANA VOTE STILL IN DOUBT.

Dixon Heads Opponents in Republican Ranks.

Idaho Democrats Renominate Nugent for Senate.

Patch, Gooding, Connor and Beale in Idaho Fight.

(BY A. P. NIGHT WIRE.)
HELENA (Mont.) Aug. 25.—Former United States Senator J. M. Dixon, on the face of incomplete returns from 452 precincts, was leading for the Republican nomination for Governor this afternoon with 336 votes. Harry L. Wilson, his nearest opponent, on the same returns, had 261, and Atty.-Gen. S. C. Ford was third with 114.

Former United States Attorney R. K. Wheeler, endorsed by the Nonpartisan League, was leading candidate for the Democratic nomination for Governor with 16,924 votes, compared with 17,753 for Lieut.-Gov. W. W. McDonald and Thomas E. Carey with 16,536 votes.

Congressman John Evans, leading his three opponents for the Democratic nomination for Congress from the First Montana District on the face of returns received last night, had dropped into third place today when returns from forty-four precincts in the nonpartisan county gave Thomas J. Walker and Burton Watson, the latter carrying the endorsement of the National Nonpartisan League, a big vote over the incumbent. On incomplete returns from 219 precincts Walker had 2921 votes and Watson 1897. Congressman Evans's 1552. Mrs. H. C. McDonald was fourth with 521.

NUGENT RENOMINATED.

(BY A. P. NIGHT WIRE.)
IDAHO FALLS (Idaho) Aug. 25.—U. S. Senator John F. Nugent of Idaho was renominated for that office today at the Idaho State Democratic Convention by unanimous vote after it had been in session but forty-five minutes.

Mrs. Nell K. Irion of Sandpoint was nominated by the convention for Congress from the First District. She is the first woman ever to be named for a Congressional office in Idaho.

On the second ballot T. A. Walters of Caldwell was unanimously nominated.

Flowers that Bloom in the Spring, Tra-la!

Do you remember, a few years ago, the shoe box that you received in the mail conveying some very, very dead flowers with a friend's card of greeting?

The box was battered and musty, and in the inglorious state of the gift you certainly were forced to take "the will for the deed."

Today you may telegraph flowers anywhere and within a few hours they arrive, fresh, fragrant and eloquent.

To enable you to do this, there exists a National Association of Florists.

With the aid of the florist even the mute may be silver-tongued, for, whatever the occasion, we are being taught by advertising that we may "Say it with Flowers."

The florists must "sell" an idea to the nation.

Whatever the idea be, to eat more citrus fruit; to line our chimneys with clay or to use granite for monuments, that idea may be "sold" to an entire nation by national advertising.

BOLSHEVISING :: THE :: RUSSIAN :: YOUNG :: IDEA.

Even Children are Not Overlooked in Propaganda.

The Russian Reds have a system of propaganda that overlooks no one. The children are considered a fertile field and the young minds are filled with the alleged virtues of the soviet. Wherever there is a gathering, even of youngsters, there is some one handy to do the talking in behalf of the system that aims at world domination. In the view shown above, recently taken in Russia, Kalenine, one of the best known of the Bolsheviks, is seen giving a lesson in the art of being a real Red to a group of children. Not only does the campaign hold in Russia, but in practically every country are those whose duty it is to spread the doctrines of the Bolsheviks when the opportune moment arrives.

RED LOSSES 90,000 MEN.

(Continued from First Page.)

indicate the Bolsheviks are demoralized and fleeing everywhere in great disorder.

Gen. Sokolovskiy, Minister of War, has issued a statement to Polish newspapers declaring that the soviet armies have been decisively beaten everywhere, adding that 250,000 Bolshevik troops participating in the offensive for the capture of Warsaw, more than 140,000 have been accounted for and that nearly all other detachments have been shot to pieces.

He further stated that the number of other Bolshevik casualties at 40,000. The remainder of the Russian Bolshevik Army is surrounded near Mlava, and while disorganized is endeavoring to fight its way eastward. It attacked a Polish Siberian brigade near Chorzow, about twenty miles north of Przasnys, but was repulsed, losing many prisoners.

More than 10,000 prisoners who were cut off from the main body of the soviet army have been captured in this region.

PEACE DEADLOCKED.

(BY CABLE AND ASSOCIATED PRESS.)
LONDON, Aug. 25.—An immediate rupture of the Russo-Polish peace negotiations at Minsk will result if the Poles adhere to their demand for withdrawal of the main Russian forces, says a message received here today from George Tchitcherine, the Russian soviet Foreign Minister, dated Monday at Moscow.

PLAT REJECTION.

Poland's reply to the terms presented amounting to a flat rejection, says the Manchester Guardian's Minsk correspondent, in a wireless dispatch filed on Monday.

"Out of the fifteen Russian demands," he continues, "only one, that relative to the evacuation of the Baltic, is accepted, and that only on condition that Russia will take a similar course that is to say, Russia must demolish at once all Polish disbands her forces."

The boundary line between Poland and Russia is declared unacceptable, as it involves a third partition of Poland.

"Demands for distribution of land to Polish victims of war and the return of cattle and horses driven away by Polish land owners from White Ruthenia and Lithuania are rejected as interfering with the internal affairs of Poland and a violation of Polish sovereignty."

London newspapers, in commenting on decisions reached at Lucerne by Premier Lloyd George and Gen. Litke, and the resulting British note to the Russian soviet government, strongly commend the position taken by the statesmen.

WRANGLE STATEMENT.

(BY CABLE AND ASSOCIATED PRESS.)
SEBASTOPOLE, Aug. 25.—An official communication issued by Gen. Wrangel, commander of the anti-Bolshevik forces in the south, says: "Along the shores of the sea of Azov our troops are advancing into the interior of Kuban. The enemy launched an offensive against Waldgein, but was repulsed."

"Northward," he adds, "the situation is clearer and that the Allies are more united than at any time since the armistice."

Indorsement of the French policy toward Russia by the British States last week, and by Great Britain and Italy, is felt here to have cleared up the atmosphere, and anxiety at the Foreign Office has disappeared.

The Foreign Office favors a meeting of the various powers as soon as possible. British officers and also the Italian Ministry of Foreign Affairs have been summoned as to whether they should agree to advance the meeting of the Supreme Council to the first week in September instead of holding it the middle of the month.

It is understood that the first thing to be discussed by the Supreme Council is the drafting of a note to Poland, signed by all the plenipotentiaries, asking Poland to keep her armies within her ethnographical frontiers.

"There is nothing like a military victory to clear up the situation," an official of the Foreign Office told the Associated Press today.

To speed last night by Leon Jouhaux, president of the General Federation of Labor, in which he repudiated the Bolsheviks and the right of Nikolai Lenin to meddle in the affairs of the French proletariat, and also stated his refusal to be identified with the new doctrine, is considered as having relieved the internal situation.

WON'T CROSS LINE.

(BY CABLE AND ASSOCIATED PRESS.)
THORN (West Prussia) Aug. 25.—The Polish army headquarters today that in the event of a decisive vic-

great springing against the Bolsheviks have occurred."

WASHINGTON, Aug. 25.—Poland has been formally requested by the United States government to issue to the world a declaration of its intention to abstain from any territorial aggression against Russia. Formal announcement of this action was made today by the State Department in the following statement:

"It was admitted at the State Department today that a communication had been sent to the Polish government on August 21, expressing the hope that the Polish government would find it agreeable to issue a declaration of its intention to abstain from any territorial aggression against Russia, and stating its purpose to remain within the boundaries designated by the Peace Conference, pending an agreement as to its eastern frontier."

ASSURANCE RECEIVED.

State Department officials added that informal assurances had been received from the Polish government that the wishes of the American government would be respected. The American government, it was stated, had been assured that the Polish army in their victorious counter-offensive would not attempt to convert the operations into an aggressive warfare against Russia.

Polish troops on some parts of the Bolshevik front already have crossed the line laid down at Poland's frontier by the Supreme Council, but officials intimated that the United States would continue to check the operations of the Polish army so long as they were of a defensive character. It is expected by officials that once the Russian army is put to rout decisively Poland will prove her good faith by a withdrawal of the line tentatively fixed by the Supreme Council.

No formal reply to the caution sent the Polish government has been received by the State Department, but an early reply was anticipated.

The tentative nature of the line fixed by the Supreme Council as recognized by all the Allies, was practically emphasized by Polish officials. In the Supreme Council's declaration relating to the proposed armistice with the Bolsheviks, such boundaries as "provisional" the Allies acknowledged that their tentative character was made "with the understanding that the provisions which must in the future define the eastern frontiers of Poland."

(BY CABLE AND ASSOCIATED PRESS.)
MINSK (Soviet Russia) Aug. 24.—[From Correspondent with Associated Press.] The Polish armistice delegates are not satisfied with the Bolshevik terms which make reference to the boundary line proposed by Earl Curzon, British Minister of Foreign Affairs, in the ground of the Polish opposition is that the Curzon boundary line would in effect be the same as a line drawn by the Allies.

The Polish representatives stated that by agreeing to this Curzon line the soviet government was seeking to retain territory wrongfully taken from Poland by the Russian Czar.

A note attached to the foregoing dispatch states that the Polish plenipotentiaries refused to pass a reference to the Curzon boundary line as the basis of the armistice.

PARIS OPTIMISTIC.

(BY CABLE AND ASSOCIATED PRESS.)
PARIS, Aug. 25.—An optimistic feeling prevailed at the French Foreign Office today regarding the Russian situation.

It was freely expressed that the situation is clearer and that the Allies are more united than at any time since the armistice.

Indorsement of the French policy toward Russia by the British States last week, and by Great Britain and Italy, is felt here to have cleared up the atmosphere, and anxiety at the Foreign Office has disappeared.

The Foreign Office favors a meeting of the various powers as soon as possible. British officers and also the Italian Ministry of Foreign Affairs have been summoned as to whether they should agree to advance the meeting of the Supreme Council to the first week in September instead of holding it the middle of the month.

WON'T CROSS LINE.

(BY CABLE AND ASSOCIATED PRESS.)
THORN (West Prussia) Aug. 25.—The Polish army headquarters today that in the event of a decisive vic-

tory over soviet Russia along the entire front it would be inadvisable to pursue the Bolsheviks beyond the bounds of ethnographical Poland.

One declared, however, that war between Poland and soviet Russia would be "inevitable" until an arbitration board, of which the Russians and Poles would respect, he suggested that there should be American, British and French members of such a board.

"This is a war of women," said a young Polish officer today. "They are driving the men to fight and are doing all the farm work while the men are away. They have even engaged to go to the front to fight. We feel there is no longer any question of victory, but are uncertain only as to our policy as to the invasion of Russia. Our women may help to settle this."

VIEW IN BERLIN.

(BY CABLE AND ASSOCIATED PRESS.)
BERLIN, Aug. 25.—Commenting on decisions reached at Lucerne by Premier Lloyd George and Giolitti, the Tagblatt declared England and Italy have swung into line with France early because of the Polish success and the inevitable internal weakening of the soviet government, which raises fresh hopes of overthrowing the entire Bolshevik regime.

VILNA OCCUPIED.

(BY CABLE AND ASSOCIATED PRESS.)
LONDON, Aug. 25.—Lithuanian troops occupied Vilna Tuesday, says a dispatch to the London Times from Kovno.

The dispatch adds that the Lithuanian government has informed the Moscow government, explaining that the action was necessary to prevent the town from falling into the hands of the Poles.

Waited Thirty Years for Man; He Deserts Her.

(EXCLUSIVE DISPATCH.)

CHICAGO, Aug. 25.—Thirty years is a long time for a girl to wait for the man she loves. Time dims the roses in her cheeks and hardens the lines around her eyes and she may not appear to be the same girl who once loved the sweetheart of her youth.

Mrs. John Forrest, who was formerly Miss Bessie Forrest, is cogitating these matters, pending a hearing of her suit for nonsupport, against John Forrest, manager of the American Pullman Company.

The romance that is ending badly began in the village seaport of Erie, Pa., where Bessie and John and Mary were born in the same year—1887—and from piano playmates they became youthful lovers, graduating in the same class.

Then arose some coolness and the village was surprised to learn that John had married another girl and called for America.

When he left, there were other admirers, but she remained true to her first love. Thirty years ago, when he was a young man, she had loved him and he had loved her, and then came a letter from John, announcing the death of his wife and his desire that she should come to the United States and become his bride.

She sailed on the first ship. Her blue eyes had lost their sparkle and her splendid hair had turned gray. Three days after the marriage her husband left her, presumably on a business call. She followed him to Chicago and he sent her to Akron, O. She had been there one day when he sent her a letter telling her he was disappointed and never came to see her again. She returned to Chicago and bought him out and he repeated that he never cared to see her again and that night left for Toronto. Judge Trude issued an order for his arrest on a charge of nonsupport and continued the hearing until September 9.

DADE COUNTY, FLORIDA, MAKES BIGGEST GAIN.

(BY A. P. NIGHT WIRE.)
WASHINGTON, Aug. 25.—Dade county, Florida, containing the city of Miami, made the biggest gain in the United States of which population thus far has been announced, in its rate of growth during the last ten years. It has now more than three and a half times the population it had in 1910, its percentage of increase having been 235.

Past growing counties with their percentages of increase are: Dade, Florida, 235.1 per cent; Toca, Colorado, 146.8; Imperial, California, 139.2; Clack, Texas, 108; Lubbock, Texas, 206.2; Ottawa, Oklahoma, 161.5; Pecos, Texas, 123.8; Franklin, Illinois, 120.8; and Lamb, Texas, 117.5.

NEW LAW FIRM.

(BY A. P. NIGHT WIRE.)
WATERTOWN (N. Y.) Aug. 25.—Announcement was made today of the formation of a law partnership between Robert Lansing of this city, former Secretary of State, and Lester H. Woolsey, solicitor of the department, when Lansing was secretary. Their office will be in Washington.

Mexican Insurgent Releases All Americans; Reported He Surrenders.

(BY A. P. NIGHT WIRE.)
MEXICO CITY, Aug. 25.—All the Americans kidnapped by Pedro Zamora, the bandit leader, at Cuale, Jalisco, last week, have been released, according to reliable advices from Guadalupe, capital of Jalisco. These reports state that Zamora has surrendered.

Saloons, gambling houses and other resorts would be forbidden in a zone sixty-two and a half miles wide along the Mexican-United States frontier by a bill being prepared for submission to the next Congress by Jose L. Lugo, Undersecretary of Interior.

The basis of the bill, the newspaper asserts, "is morality, and the imperative necessity of letting our neighbors see the Mexican government thinks of the welfare of its nationals and foreigners, and is unwilling to permit a geographical area to be ruled by a constant violation of a law which, although not ours, makes for morality and order."

OFFERS SURRENDER.

(BY A. P. NIGHT WIRE.)
WASHINGTON, Aug. 25.—The American Embassy at Mexico City advised the State Department today that the Mexican Foreign Office had confirmed a report that Pedro Zamora, the bandit leader, who kidnapped a number of Americans and a British subject at Cuale, State of Jalisco, had offered to surrender. Negotiations to that end are to be begun at once, the embassy was informed.

The Mexican Foreign Office said this action should remove apprehension as to the safety of the captives.

EL PASO, AUG. 25.—J. B. Ravel, an American, and a Mexican man and woman were arrested by United States officials here today charged with complicity in smuggling ammunition into Mexico. The woman was arrested while trying to cross into Mexico with 175 rounds of ammunition concealed in her clothing. American officials said 125,000 rounds of ammunition with many firearms had been smuggled into Mexico during the past two months.

COMMUNIST HITS MEXICO.

(EXCLUSIVE DISPATCH.)
MEXICO CITY, Aug. 25.—That a soldiers' and workmen's council has been organized in Mexico and has been carrying on propaganda among troops and cadets of the Military Academy has been discovered in the last few days.

Commanding officers of Chapultepec Academy have taken steps to check the Communist propaganda, forbidding the attention of the authorities by the revolt of Col. Augustine Freye, who unfurled the red flag of Bolshevism in Campeche.

YELLOW FEVER EPIDEMIC.

(EXCLUSIVE DISPATCH.)
SAN ANTONIO, Aug. 25.—Yellow fever, which made its appearance in Vera Cruz two weeks ago, is sweeping the eastern coast of Mexico, according to reports here.

The epidemic has reached as far north as Tampico and has invaded Tuxtla in the south, while has penetrated inland as far as Monterrey.

Representatives of the health department of Mexico City have been sent to Vera Cruz, Tampico and Tuxtla to take charge of the situation. It is said and rigorous quarantine and sanitary regulations are to be taken.

The fever is taking its heaviest toll, according to reports from Vera Cruz and towns along the Yucatan coast. Doctors and nurses are now on their way from the capital to the infected Yucatan peninsula.

Vera Cruz is reported to be facing a famine as the result of a general strike. The town is said to be in a state of panic.

AMERICA LOOKS GOOD TO ENTIRE VILLAGE.

(BY CABLE AND ASSOCIATED PRESS.)
MADRID, Aug. 25.—Every man in the village of Huerta Pelaya, in the province of Guadalajara, has decided to emigrate to the United States, according to Pedro Martinez Embil, the town clerk, who appeared at the American consulate yesterday with twenty-five companions to secure visas for passports.

The number of emigrants from every village and town of the province of Salamanca is increasing daily, because of strikes in the mining districts.

MUSICIANS CHOOSE THIS DAINTY GRAND

Tone big, rich and beautiful, and the ease and perfection of action that are unattainable in other than Grand Pianos are 'he features that determine what piano the musician buys. Naturally the musician's piano is the most satisfactory instrument for the music-loving home. Then there is the greater beauty of case, and the unchallenged evidence of good taste and quality that the Grand Piano adds to the home.

THE MILTON TINY GRAND PIANO is one that we are proud to represent and recommend. It has, in abundance, those qualities that endear it to the musician and to the lover of the beautiful in the home. Besides, it is of very moderate price and may be had on most convenient terms.

UNCLE SAM GETS 60,000 OIL ACRES.

Claim to Great Tracts of Land Relinquished Under Leasing Act.

(BY A. P. NIGHT WIRE.)
WASHINGTON, Aug. 25.—Claim to virtually every acre of withdrawn oil land, held under the old leasing act, has been relinquished to the government today as the result of the six months' period within which such relinquishment had to be made to secure prior leasing rights to the property under the new Land Leasing Act. Officials of the Interior Department estimated that the government thus had secured clear title to more than 60,000 acres of the most valuable oil lands embraced within the public domain, claim to which never had been perfected under the old leasing law before the land was withdrawn.

In addition to coming into undisputed possession of this acreage, the government also will collect, it was estimated, about \$10,000,000 in back royalties, amounting to one-eighth of the value of all the oil produced during the life of each lease.

Of the approximately 100 claims on naval petroleum reserves relinquished up to the end of the six months' period, the Navy Department, it was said, will contest, through the Interior Department, about 25 per cent. Virtually all Naval Reserve claims are located on what is known as No. 2 reserve in California.

OAKLAND, BERKELEY PROTEST FARE RISE.

[BY A. P. NIGHT WIRE.]
SAN FRANCISCO, Aug. 25.—A protest against the proposed 20 per cent rise in the rates of suburban passenger carriers in this district was filed with the State Railroad Commission here today by the municipalities of Oakland and Berkeley. It was announced that the cities of Piedmont and Albany would file similar protests.

The protest was filed and said that they were given no opportunity for a hearing, when the increase was granted and asked a suspension of the rates until such hearing is held.

Mary J. Johnson, Porterville, \$30.
Bertha H. Paquette, Santa Ana, \$12.
Mildred A. Witz, Watts, \$12.
Maria H. Montague, Long Beach, \$30.
Susan E. Achenbach, Los Angeles, \$30.
Ella A. Stevens, Los Angeles, \$30.

ROOSEVELT AT RIVERSIDE.

[LOCAL CORRESPONDENCE.]
RIVERSIDE, Aug. 25.—Franklin D. Roosevelt, Democratic candidate for Vice-President, stopped off long enough here today to shake hands with Mayor Porter and other citizens who gathered at the Salt Lake depot at 10:40 o'clock to extend the courtesies of the city.

"Are you another Republican man who is waiting to vote for me?" the candidate inquired of Mayor Porter as he extended his hand. Not receiving an immediate response, Roosevelt quickly added: "I have been on my trip I have met five Republican Mayors who intend to vote for the ticket."

The engineer of the train came forward to assure the candidate he was with him.

TAXES HIGHER.

[LOCAL CORRESPONDENCE.]
SANTA ANA, Aug. 25.—The Santa Ana city tax rate for the coming year is to be \$1.65, an increase of 26 cents over last year's rate, according to a decision of the City Council announced today. The increased rate, together with an increased assessed valuation of approximately \$1,456,000, will result in increasing the city's revenue to \$1,900 during the year, of which \$16,000 will go into the general fund, \$1,884,000 into the school fund, as compared with \$7,474,535 last year.

His Head in Oven, Turns on the Gas; Still Has Chance.

[BY A. P. NIGHT WIRE.]
SACRAMENTO, Aug. 25.—Frank Brander, a paperhanger, locked his kitchen door today, poked his head into a gas oven and turned on the gas.

His wife called the police, who broke in the door. At the Emergency Hospital it was said Brander had a chance for recovery.

Mrs. Brander, 45, could give no reason for her husband's action.

PROHIBITION NOMINEE HITS HARDING RECORD.

[BY A. P. NIGHT WIRE.]
CHICAGO, Aug. 25.—Prohibition national headquarters tonight issued a statement by Aaron S. Watkins, prohibition nominee for president, attacking the record of Senator Warren G. Harding on the wet and dry question.

Mr. Watkins declares he is unable to find an instance of Senator Harding voting for the drys, and cites figures designed to show that the Republican nominee voted with the wets on 10 occasions and was absent or dodged 1143 roll calls and quorum calls.

Marriage licenses and Cipriana Peralta Palacios, 35, both Westminster; Edward E. Anthony, 46, and Francis Taylor, 44, both Santa Ana; and Peter Valdivia, 20, both Los Angeles.

FIND HUMAN BONES.

[LOCAL CORRESPONDENCE.]
VENTURA, Aug. 24.—The skeleton of a man, believed to be Thomas J. Russell, was found in a lonely canyon about four miles north of the San Antonio school by Sam Hudiberg of Ojai. Beside the weathered skeleton was a leather-bound Bible which had been given to one, Thomas J. Russell, on Christmas, 1912, by Anna Christine Russell.

Det. Charles Fischer of Coroner Hathaway is following up several clues that may lead to the establishment of the man's identity.

Some coins were found in the man's clothes, and one of them bore the date 1917, showing that the dead

THE NEW.

IN STORES AND HOMES.

NOVELTIES, IDEAS AND PRACTICAL SUGGESTIONS.

By Olive Gray.

Up-to-date:

Fur wraps which are very wrap-around-the-figure and that have collars so high as to hide the fair head of the wearer.

Paris has decreed skirts very short—not below the knee—or of medium length. Even the trained evening gown is attached to skirts of extreme shortness and are negligible as to width.

The new silhouette from Paris is generally straight, although some of the leading couturiers decree more fullness for short skirts—a mode not usually becoming to many women and therefore of questionable permanence.

Now is the time to buy:

The first fall hat which is more than likely to be a sailor of black or brown hatter's plush, and is very apt to be faced with velvet, in either case. The band will be a rather narrow, flat ribbon finished with a tailored bow at one side or directly at the front.

The first autumn suit. This may be of intermedium length, in two colors, or in two tones of the same color. The lines will probably be straight, the coat boxed and the skirt moderately narrow and short.

Vests of Import.

That the vest has much to do with the becomingness of the hat and in fact with one's good appearance as to complexion and even features, all women who care have long since decided.

Among the new fall meshes none are more becoming to the blonde than the new blue—a light, soft, Allice-sort of blue—in rather a bold pattern. For the brunettes, the new tones of brown bring out the complexion and the eyes. These brown shades are becoming, also, to some blondes—the warmer tones of brown especially, adding vitality to pale skins. The Chantilly patterns, in black and even in white, are liked by many and the choice of colors is limitless, this season. This, in itself, makes the selection of the vest an important item of dress, since the unsophisticated, the ribbon, the astray and to select a vest that rather than one that brings out her good points.

Tronseau Lingeries.

It was a very valuable box. Also, it was a box filled with beauty—unusual. It held the lingerie of a bride soon to be. Quality, good taste, excellence of workmanship were proclaimed by every folk, by each embroidered wreath and vine and flower, by the dainty frills of creamy lace. Originality of design spoke from the exquisitely-embroidered chemise and the new-arrived "open knicker" in—really ye drawers of our forebears. The lavender of cameo pink satin, edged with hand-sewed lace formed many of the garments. Others were of white. The color scheme interesting—the ribbons being of mauve and gold, a fine quality of double-faced satin, half-inch ribbon. The effect was distinctive and elegant.

Striking and Tasterful Frock.

An afternoon dress made from black Georgette, the skirt laid in flounces finished in scallops at the lower edge, was given a stunning effect by means of a white Georgette smock slightly off the shoulder, and terminated by a head fringed motif at each end of the long streamers, the beads a pearly white.

New Neckwear.

A choker of white Georgette or fine voile has a big, daring bow and ends of the same material. The chic of such a piece of neckwear depends wholly upon the dash of the bow.

Millinery Feature.

A stunning little millinery concoction consisted of hat and scarf of black net spangled in paillettes and embroidered in jet. The hat had one of those new little visors which smacked slightly off the jockey cap, but are far more becoming than that chapeau. The scarf, to be worn snugly tightly around the neck, was not very long and the principal part of the embroidery was at the ends which would show well across the bust.

New Scarfs.

The wool scarf simply will not do. New arrivals are in the most exquisite colors, rose, pink, blue, Romanizing. These soft, warm, becoming neck and shoulder wraps are irresistible.

And Also.

Then there are the narrow scarfs of silk in darker tones, to be worn with the tailored suit or the street dress when the first touch of autumn tinges the air. These are wrapped tightly around the neck and when properly arranged, are most becoming—especially when one's neck line has yielded to summer's tan, all too willingly.

an elaboration of wonderful hand motifs against a background of scintillant polities. In the latter case, the work is as fine as that upon beaded hand-bags of the higher order.

La Mode's Decree.

The wide belt and Eton jacket effect is very youthful and smart. Full overskirts made of looped draperies are seen on fall models. Fall suits are of duvetyn, duvet de lain, velours, silverstone and bolivia.

Slips of colored velvet are veiled with brilliantly embroidered black net.

Metal brocade and navy blue serge make a fashionable combination.

Sleeves in contrasting fur are seen on full-length fur dolman wraps. Long-sleeved one-piece dresses in light-colored crepe de chine will be worn.

Black velvet and crepe gowns are trimmed with dark-colored velvet motifs.

Skirts are trimmed with free-hanging oblong or pointed tabs in self-fabric.

Many models have corsages contrasting in fabric and color with the skirt.

Dinner gowns have bodices veiled with self-tens net embroidered in metal.

Most popular furs for suit trimmings are squirrel, mole, opossum, seal, beaver and nutria.

Steel braiding and fur sleeves are interesting features of knee-length sports coats in tan ratine.

Dinner gowns are combinations of black velvet and black crepe, or black crepe and black chiffon.

Black velvet dresses have bodices in white or colored velvet.

Gown and blouse are embroidered, beaded and beapanned.

A dress of navy blue serge is trimmed with white organza.

Iridescent mauve spangled net is much used for evening gowns.

Tunics are usually pointed, in double and triple tier effects.

YOUNG GIRLS MADE STRONG

Mrs. Boyd Tells How Her Daughter Benefited by Taking Lydia E. Pinkham's Vegetable Compound.

Danville, Ill.—"My daughter was very delicate and we thought we could not raise her. She was troubled with irregularity and was not able to go to school. For a year we gave her all kinds of tonics, but this season, in itself, makes the selection of the vest an important item of dress, since the unsophisticated, the ribbon, the astray and to select a vest that rather than one that brings out her good points.

Vegetable Compound had done for others and what it might do for her. Now she is getting on her feet and school every day. You can tell every mother what the Vegetable Compound has done for my daughter."—Mrs. J. H. Boyd, 1002 N. Jackson St., Danville, Ill.

If every girl who suffers as Miss Boyd did from irregularities, painful periods, backache, sideache, dragging down pains, inflammation or ulcers would only give this famous root and herb remedy a trial, they would find relief from such suffering.

For special advice women are asked to write the Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of 40 years' experience is at your service.

FOOD IN MILK

In 100 pounds of pure whole milk there are 87 pounds of water and 13 pounds of food substances, of which nine remain in skim milk.

It is these nine pounds of food, with nothing added, that make Golden State Powdered Skim Milk.

For food value no other proteins equal casein and albumen of milk.

No other carbohydrate is as good as sugar of milk. Potassium, iron, phosphates and lime in abundance for bone building are in milk.

These are all in dry skim milk; none are eliminated or affected when cream & water are removed.

The dry form means convenience and perfect assurance of purity.

You add the water as you mix it.

If you want all the richness of fresh whole milk in cooking, add the required amount of butter.

Golden State Powdered Skim Milk is made in Humboldt County in the same creameries that make GOLDEN STATE BUTTER.

Ask your grocer for it.

Helen Staats Engaged.

News of wide interest is that announcing the betrothal of Miss Helen R. Staats of Pasadena and Turner Watson Battle, ensign in the United States Navy. The announcement was made yesterday by her parents, Mr. and Mrs. William R. Staats of 234 South Grand avenue, Pasadena. The wedding is to be a naval ceremony and will take place early in November at All Saints' Episcopal Church, Pasadena.

Miss Staats is the daughter of one of the early prominent families of the State and is one of the most prominent girls in the younger society set and is one of the most beautiful. She returned last winter from her second year at Smith College.

Ensign Battle is the son of the late Hon. Jacob Battle of North Carolina, whose family has long been famous in the annals of that State. He was for years a Superior Court judge. The young bridegroom-elect owns one of the large cotton plantations in that State, inherited from an uncle for whom he was named. He is a graduate of Annapolis and served in the U.S. Army and is now attached to the U.S. Army, now on its Honolulu cruise. This announcement will no doubt be the signal for many social functions both here and in the Crown City, where Miss Staats is a leader.

Weds in Manila.

A surprise for the younger set is contained in the announcement of the marriage in Manila of Miss Helen Graham Macdonald of Los Angeles and Capt. Harry Macdonald of the Philippine Islands. Mrs. Macdonald, who is a daughter of Mr. and Mrs. Charles Franklin Macdonald of South Vermont avenue, is a graduate of Marlborough and one of the most piquant girls in her set. She had many suitors who will learn the news with a bit of disappointment.

Miss Macdonald left in January with her sister, Mrs. Charles Harrison and Mrs. Eleanor Jack to visit her brother-in-law and sister, Mr. and Mrs. Ewald Selph. She met the handsome young army officer and the engagement followed very shortly. Capt. Macdonald is a West Point graduate and comes from an old Georgia family. The couple left immediately after the ceremony for China and Japan and will return to Manila to live a year. Afterwards they will make Los Angeles their home.

Friends of the Selphs will be interested to learn that he is associated in partnership with the largest law firm in Manila and is doing remarkably well. Much entertaining too has been done for their house.

Motor Trip.

Mrs. William T. McPhee and her son, William T. McPhee, Jr., will leave September 1 for a motor trip up the Mackenzie River in Oregon. They will stop in San Francisco and other places en route.

A Wee Daughter.

Mr. and Mrs. Isabella J. Webb are receiving congratulations over the arrival of a baby daughter, born at the Good Samaritan Hospital, Sunday, a week ago. Mrs. Webb was Louise Johnson before her marriage and is the daughter of Dr. Milbank Johnson.

For Miss Tyler.

Miss Alice Tyler, president of the American Library Association, who is visiting in Los Angeles, was honored guest at a luncheon given by the board of directors of the Los Angeles Public Library at the California Club on Monday.

At the table were Mayor and Mrs. Snyder, Mr. and Mrs. Boyle Workman, Mr. and Mrs. Eugene Montpetite, Mr. and Mrs. Frank H. Pettigrell, Dr. and Mrs. Walter Lindley, Rev. Francis J. Conaty and Mr. and Mrs. Everett R. Perry.

Laura Lee.

Mrs. Linda Scott of Harvard Boulevard, is to entertain with a large afternoon tea on Saturday, September 4, in honor of Miss Victoria Reynolds of Covina, who recently returned from a year's visit in Kansas City.

AGED DEPUTY DIES.

Octogenarian in County Clerk's Office Here Many Years.
William C. Watson, who has been a deputy in the County Clerk's office since 1893, died Tuesday at his home here at the age of 83 years. Mr. Watson was born in New York State in 1837 and came to Los Angeles in 1894 from St. Louis. Some years after the death of his first wife here, he married Mrs. Elizabeth B. Washford of this city, who is still living. His work in the County Clerk's office, which he continued until ten days before his death, was in the miscellaneous department, where he specialized in the filing of incorporation papers. Funeral services will be conducted at 2 p.m. today at the family home, 1031 West Forty-ninth street. Besides the widow, Mr. Watson leaves a daughter, Mrs. James Wood of Seattle; two sons, William J. Watson of Los Angeles and Edgar G. Watson of Portland, Or., and a step-son, Charles W. Bell of Pasadena.

SHE "DESPISES" HIM.

Wife Leaves Husband Who Didn't Give Her Pretty Clothes.

"You were all right for a while, but you know I must have pretty clothes and money, and I wasn't even getting car fare," Mrs. Irene L. Luce wrote her husband, Oscar B. Luce, who was granted a divorce by Judge Taft yesterday.

Mrs. Luce's married life was a failure, she seemed to think. She ran away from her home leaving Mr. Luce a note which asked him to forget her, "for you have made me despise you."
The Luces lived only three months together.

guests. Gov.-Gen. Burton Harrison and Mrs. Harrison have entertained them numerous times. Mrs. Harrison and Mrs. Jack will visit in England, France, Switzerland and Italy before returning to Los Angeles in February.

From Catalina.

Mrs. Burton Vincent Collins and daughter and son, Miss Doris Collins and Burton Vincent Collins, Jr., returned home yesterday from an enjoyable visit at Catalina.

At St. Paul's.

Before an assemblage that filled St. Paul's Pro-Cathedral, Miss Marjorie Botsford and Mr. Ben Williams were married last evening. Dean William MacCormack officiating. The church was beautifully adorned with great bouquets and baskets filled with flowers in pastel shades while the altar was massed with white lilies and ferns.

Miss Botsford was a picture in her gown of ivory satin trimmed with old rose point lace. It was made with a narrow train from the waist line embroidered in pearls. The long tulle veil, worn first by her mother, was edged with pearls and her shower bouquet combined orchids, lilies of the valley and bride roses.

The bride walked to the altar with her cousin, Ed Botsford and her mother, Mrs. W. Botsford. Her sister, Miss Wilma Botsford, was maid of honor and wore a frock of pale yellow satin and carried pink roses. The bridesmaids, Misses Nanette Francisco, Dorothy Botsford, Catherine Williams and Dorothy Vandenburg, wore satin gowns of orchid green, apricot and blue respectively, and all carried rainbow bouquets of wild flowers. Ernest Klokke was best man and the ushers were Ted Botsford, Walker Clute, Tom Williams and Dana Burke. A reception at the home of the bride's mother followed and was attended by relatives and close friends.

Dinner-Dance.

Miss Rea Anderson, daughter of Mrs. Marshall Brockley Anderson, will entertain at a dinner-dance this evening at the Jonathan Club in honor of Miss Ruth Mabe, who leaves September 1 for the East to attend school.

For New York Girls.

Misses Gladys and Marion Kingsland of Goshen, N. Y., are to arrive tomorrow to visit Mr. and Mrs. Thomas J. Kingsland for a few days planning to leave on Tuesday. On Saturday evening Mr. and Mrs. Dockweiler will entertain at a small dinner party for them at the Los Angeles Country Club and on Sunday they will motor to Riverside. Misses Kingsland have many friends in Los Angeles, having visited Mrs. Dockweiler a few years ago when she was Katherine Stearns. Both girls were overseas in war work until a year ago.

Motor Trip.

Mrs. William T. McPhee and her son, William T. McPhee, Jr., will leave September 1 for a motor trip up the Mackenzie River in Oregon. They will stop in San Francisco and other places en route.

CALLS DRY TO 'BIGGEST FIGHT'
Prohibition Candidate for Vice-President Here.
Dr. Colvin Looks for Assault Against Volstead Law.
Says Cox is Positive Menace Owing to "Lax Views."
Prohibition is in danger as long as a single wet lawmaker is elected to Congress, according to Dr. D. Lehigh Colvin, Prohibition candidate for Vice-President, who reached Los Angeles yesterday. Dr. Colvin will make twenty speeches in a tour of California cities, the first at a luncheon of the Lion Club of Los Angeles at noon today. He intends, he declares, while in California to scrutinize the records of candidates for Congress on dry measures, and those found to be wobbly on dry enforcement will be opposed by the Prohibition party.
"We thought the Eighteenth Amendment had settled the liquor question definitely and finally," said Dr. Colvin yesterday, "but instead we find we have yet our biggest fight to hold the ground we have won. There unquestionably will be an attempt at the next Congress to amend the Volstead law to appease the liquor interests, which are now fighting hard."
Dr. Colvin declared that neither Harding nor Cox would be acceptable in the White House from the prohibition viewpoint.
"Cox is a positive menace to the

GILBERT SIZES UP CANDIDATE.
Ex-Governor Visits Harding and Wins Impressions of Wonderful Personality.
Former Gov. James N. Gillett telegraphed The Times from Marion, O., last night as follows:
"I have been entertained today by Senator and Mrs. Harding. I find a strong and growing sentiment in the East for the Republican party and its candidate. The people want a change of administration. This is the big issue here and will win.
"I wish the people of the West could meet our candidate. He is a man of wonderful personality, strong character, keen intellect, rugged honesty and thoroughly American. He is a man of the common people and responsive to their hopes. Mrs. Harding is a fine American woman and will grace any position in which she may be placed."

POLITICS.
THE WATCHMAN.
TREND OF POLITICAL THOUGHT AND ACTION.
By the Sentry on His Beat.
Conspicuously hung around the necks of an amazing number of candidates for offices of various sorts in this primary race is a collar which is tell-tale as a weakness. The candidate whose campaign card does not carry the union labor legend is indeed a rare bird, one worthy of his niche in the Hall of Independence. On examining twenty-eight cards of men running for legislative, judicial and county offices yesterday, I spied twenty-seven that wore this union hall mark, a remarkable commentary, as it seemed to me, on the number of presumably self-appointed men who would make this concession to political fear.
The one candidate of this group of twenty-seven, declining to pay this tribute to weakness is Judge Lewis R. Works, running for associate justice of the District Court of Appeal. In addition to his name, a declaration of the boundaries of his district, his card carries only a simple review of his public life. The union collar is absent. I am decidedly in favor of a union among candidates, but it pertains solely to a union pledged to perform the duty in office intelligently, energetically and faithfully, and positively free from the influence of private labels of any kind. A candidacy tied to a label of subservience is not likely to sound a popular appeal.
How little of a Republican Charles H. Randall is and how tightly he holds himself to the prohibition assumes in seeking the Republican nomination came to me yesterday in a communication from Congressman Hayes of Santa Rosa, a colleague and close observer of Randall in several past Congresses. The letter was addressed to L. V. Shepherd of Los Angeles. It says in part:
"I can say that Mr. Randall voted in the Sixty-fourth and Sixty-fifth Congresses upon organization of the House for Champ Clark for Speaker and all the other Democratic candidates for offices of the House. And the same is true of the Sixty-sixth Congress. Mr. Randall has never voted as anything but a Democrat."

Fashion Expresses Herself in Women's Dresses

With the coming of Fall many social activities which were suspended during the Summer have been resumed. Theater, teas and club meetings all call for the informal afternoon gown.

To meet the prosperity and industry of these colorful days, designers have been unusually lavish in their creations.

Materials are those best adapted to the season—lustrous satin, fine tricotine, soft Georgettes, many handsomely embroidered and beaded, or relying for effect upon absolute simplicity.

Almost a Shadow, Afraid to Eat

"My son-in-law was so bad from stomach trouble that he was reduced to almost a shadow and was afraid to eat anything, as all food caused bloating of gas which pressed against his heart, worrying him very much. Our druggist persuaded him to try Mayr's Wonderful Remedy and in two months he looked fine, can eat anything and works hard every day." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. NEW SCHOOL IS UNSAFE.

Architect Finds Fault With Pasadena Building.

Expert Says Southland Must Advise.

Distinguished Party to Visit Crown City.

(LOCAL CORRESPONDENCE.) PASADENA, Aug. 25.—Statements that because Pasadena's handsome group of high school buildings were not built in accordance with the plans and specifications of the south half of the central structure, the largest of the group, are contained in a report submitted to the Board of Education by Architect John C. Austin.

W. C. Crowell, contractor, who erected the buildings, declares the trouble is due to the fact that water seeping in from the ground undermined the foundations. He says he is willing to do his share toward making things right. The Board of Education will immediately put the structure in a proper state of repair and it will be ready for the opening of school next month.

Following is an extract from Mr. Austin's report: "The most serious thing is that while the working plans show steel girders in the piers under the columns, I find that the steel is absent; therefore, the piers are wholly inadequate to support the loads that they are supposed to carry. As the building now stands, I consider the south portion unsafe, and, subject to your instructions, I am doing what I consider right to make it safe."

MUST ADVISE. Ward G. Foster of New York, president of the "Ask Mr. Foster" Travel Information Service, which has offices all over the civilized world, today corroborated D. M. Linnard's recent statement that California will lose much of her tourist business if she doesn't take cognizance of the fact that her tourist facilities will be in competition with the remainder of the world in attracting outsiders. Mr. Foster was here today on a trip of inspection.

"I am not at all pessimistic over the outlook for California in the matter of tourists if she is alive to her opportunities and takes advantage of them," he declared. "However, if she goes to sleep at the switch and shows a tendency to rest upon laurels already won, tourist travel in this state in the near future is going to show a decided slump. California will do a good tourist business the coming season, but after that she must hustle if she is to hold her own with Europe, Cuba, South America and Southern States."

TO INSTALL LAUNDRY. The Pasadena High School is to operate its own laundry. Bids for equipment are now being asked. About 1500 towels are needed daily at the school and napkins and tablecloths used in the school cafeteria also will be washed at the laundry. The Board of Education expects to save two-thirds on laundry bills by having the plant installed.

DISTINGUISHED PARTY. Nine members of the Congressional party, who have been visiting points in the Orient, are expected in Pasadena Saturday night of Congressman Charles H. Randall, who was with them on their trip across the Pacific. Those expected here are U. S. Senator Sterling of South Dakota and Congressman Gard of Ohio, Robinson of New Carolina, Woodard of West Virginia, Philon of Massachusetts, Murphy of Ohio and Shreve of Pennsylvania. U. S. Treasurer John Burke and G. W.

INJURED OFFICER MAKES RECOVERY.

MOTOR COP REGAINS CONSCIOUSNESS—OTHER POMONA NEWS NOTES.

(SPECIAL DISPATCH.) POMONA, Aug. 25.—Officer Hoopell, who was seriously injured yesterday when he collided with a machine while in pursuit of a speeder on East Holt avenue, is improving steadily and there are no complications, the doctor stated today. He has entirely recovered consciousness, but remembers nothing of the accident except that he was chasing a speeder.

IS OUT OF DANGER. Standish Wilbur who was injured at his home yesterday, was reported today to be practically out of danger. He cut his arm on a window in his home and an artery was severed, which if it was severed a while might cause the loss of the arm and maybe his life.

FAVOR BOND ISSUE. Voters in this city and in the Pomona Valley in general are being urged by the Pomona Chamber of Commerce to vote in the affirmative on the proposed bond issues for the Arcadia Ballroom School, which again will be submitted at the primary election on August 31. The chamber is urging its passage on the grounds that if it goes through it may mean other government schools in the county, and also that it would relieve the school board of the government of \$500,000 annually.

HAND SMASHED. J. W. Shannon, pumpman employed at the Johnsons' pumping plant at San Dimas, had his hand severely smashed this morning. He was taken to the Pomona Valley Hospital for aid. The member was badly crushed by the walking beam, and for a time it was feared amputation would be necessary. After first aid treatment it was found that the hand could be saved.

EMPLOYEES' DAY.

Pacific Electric Entertainment at Redondo Beach.

(LOCAL CORRESPONDENCE.) REDONDO BEACH, Aug. 25.—Saturday has been named by the Pacific Electric Railway Company as employees' day, and all those who can be possibly spared, with their families, will frolic here on that date as the guests of the company.

Passes for transportation will be granted and admission to all the amusements here that are owned by the company will be free. There will be bathing and dancing both afternoon and evening, with a carnival ball climaxed by the latter. Band concerts with Miss Mary Rarlow as soloist will be given and there will be vaudeville acts in addition. A big day is planned. For those who cannot get away on Saturday arrangements have been made so they may come to Redondo Beach at a later time, when convenient, and enjoy the same privileges granted for this occasion.

CONTRACTOR DIES.

(LOCAL CORRESPONDENCE.) LOS ANGELES HARBOR, Aug. 25.—John F. Williams, building contractor, living at 563 East Main street, was dropped dead in the lumber yard of the San Pedro Lumber Company today while inspecting lumber with which he was to fill a contract. He is survived by his widow and a son, Fred Williams, and a daughter, Mrs. H. S. Stratford, the latter two living in Los Angeles.

LABOR LEADERS PLAN BATTLE.

Annual Election Starts Fight in Organization.

Fresno to Provide Emergency Water Supply.

Judge Holds Three on Charge of Burglary.

FRESNO, Aug. 25.—The lines are gradually tightening on what promises to be one of the bitterest and most exciting battles in the history of organized labor with the Fresno convention of the California State Federation of Labor called for October 4, as its setting.

The opening stage of this year's convention scrap was unfolded at the Bakersfield meeting last year when the first attempt was made to oust these officers from their original positions. The strongest fight was made against Scharrenburg, but it failed through a coalition of forces with the Fresno delegation backing the administration.

The opening stage of this year's convention scrap was unfolded at the Bakersfield meeting last year when the first attempt was made to oust these officers from their original positions. The strongest fight was made against Scharrenburg, but it failed through a coalition of forces with the Fresno delegation backing the administration. The year's their numbers of the opposing camps have headquarters in the bay region, the wires are being pulled throughout the State and already the 1920 Fresno county members of labor organizations and their leaders are being cast for a leading role in the combat of votes. Local labor leaders, while declining to be quoted, were not loath to talk of the importance of the election. Daniel Murphy, president, and Paul Scharrenburg, secretary, and former member of the Federal Industrial Relations Board during the war, to private life.

Assuming Murphy they are invoking a supposed constitutional provision forbidding a third consecutive term. The administration forces were saved last year when Fresno, the oil workers and the sailors, Scharrenburg belongs to the latter organization, threw in their votes. This year the forbidden work of the Fresno delegation is to build a way. A prominent local labor leader states that he personally believes the two officials will win out, but states that the arduous nature of a peculiar combination of conservatives and radicals whose objections to the persons and policies of the two leaders have permitted the unusual coalition.

EMERGENCY SUPPLY.

FRESNO.—The plan which the city of Fresno had to secure auxiliary supply of water to be used in such cases as happened recently when the local power plant burned, which operates the water system of the city, to obtain a supply of water from the reservoir which the Madera Irrigation District is to build on the San Joaquin River, has been abandoned, and instead the city will drill ten additional wells. These will be equipped so that the fire department can pump direct from the wells in case of fire in the water mains, and this will provide an adequate water system when an emergency arises.

FATALITY INJURED.

FRESNO.—Robert Gilson, an employee of the oil fields at Coalinga, was fatally injured yesterday when a drilling cable fell from a derrick at which he was at work, striking him on the head. He was rushed at once to a hospital, where he is

hovering between life and death with but faint hope for his recovery.

HELD FOR BURGLARY.

FRESNO.—Jesus Felix, R. C. Garcia and Leonard Garcia were arraigned here today on a charge of burglarizing stores here, at Clovis, Kingsburg and Parlier, and were held in bonds of \$1000 each for trial in Superior Court. At the time of the arrest of the trio, six others were arrested, but all were given suspended sentences, but the three who were held for the crimes.

TRAINING CRUISE.

FRESNO.—There are 500 naval reserves in Fresno county, and at least 200 of them will make the trip on the battleship practice tour which will leave San Francisco, September 1 for Hawaii. The men will have the opportunity to serve four years or have the option of taking in one of thirty-six practice trips to be made on battleships.

WILL CARRY OHIO.

(LOCAL CORRESPONDENCE.) SANTA ANA, Aug. 25.—It is the belief of the "big men" throughout Ohio that the Presidential race in that State will be close, but that Harding will carry the State by a narrow margin, according to W. M. Clayton, vice-principal of the Santa Ana High School, who has just returned from a two months' visit to the East and Middle West.

FUMIGATION SEASON ON IN FULL SWING.

(LOCAL CORRESPONDENCE.) WHITTIER, Aug. 25.—Fumigation of citrus trees for the various scale insects is now in full swing here and, according to reports, seasonal and other conditions are at the best for effective work.

One local firm of fumigators has seven crews working nightly out of Whittier. These cyanide brigades can each do from five to ten acres nightly, and hence rapid progress is being made in covering the entire district. Fumigation is a little more expensive than formerly, due to higher wages, although the liquid cyanide is just a little less expensive than last year. In spite of high hour wages to both day and night men, it is reported that laborers are leaving for other points, attracted by still higher offers.

CITY CELEBRATION.

(LOCAL CORRESPONDENCE.) RIVERSIDE, Aug. 25.—The date for the celebration of the fiftieth anniversary of the settlement of the city was set for Tuesday, September 14, at a meeting of the committee in charge of the arrangements, held last night. It was de-

ecided to extend to Gov. Stephens an invitation to be present and participate in the exercises, which will be held in Fairmount Park. The committee appointed to work out detailed arrangements consists of Frank A. Miller, F. M. Conner, E. M. Doyle, F. W. Lord, James Boyd, Mrs. E. H. Way, Mrs. Martha Hewitt, Mrs. Clark McEwen and Mayor Porter, the latter being named as chairman.

BUILDS FINE HOME.

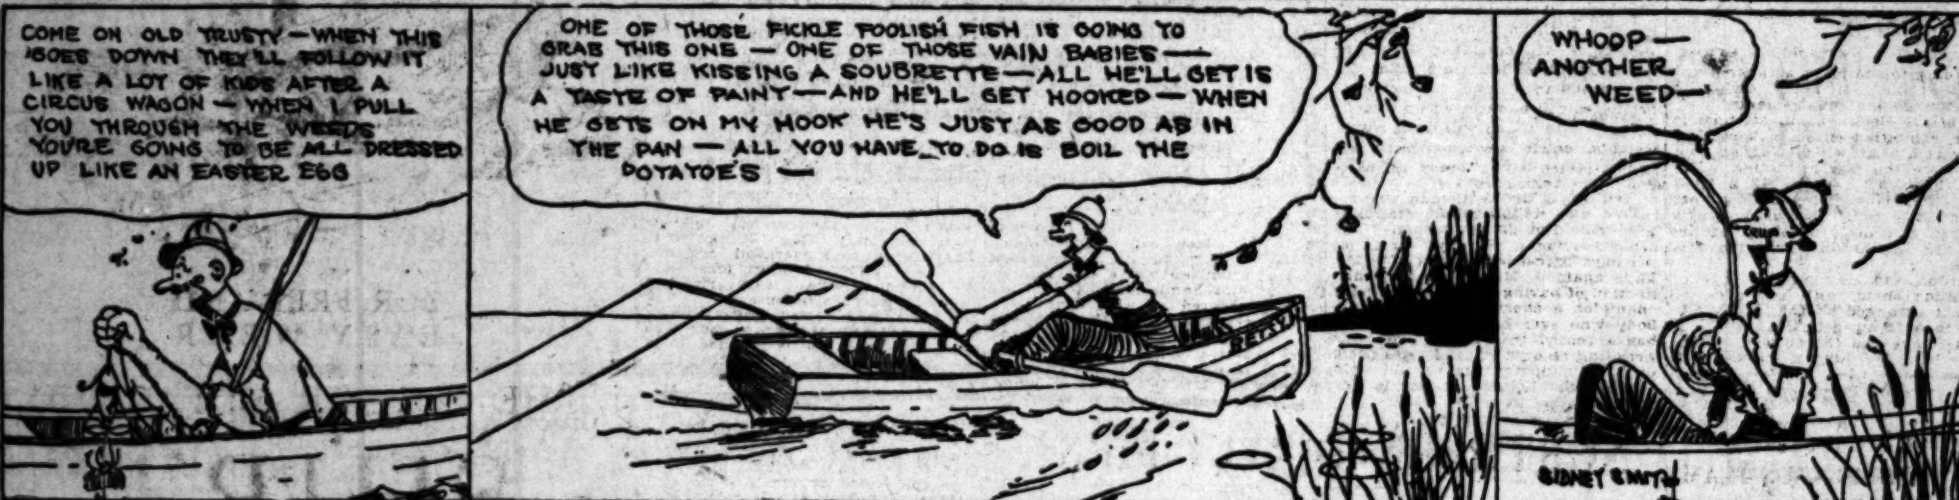

Chicago Man Selects Site Near Riverside for His Residence.

(LOCAL CORRESPONDENCE.) RIVERSIDE, Aug. 25.—Arthur Hately, a Chicagoan, who has spent just enough time in New Mexico to become fascinated with the architecture of the old Indian pueblo, will erect a \$25,000 residence designed on the lines of the pueblo dwellings on a two and one-half acre site located on an eminence just west of Victoria Hill. The permit was issued today. Mr. Hately prepared his own plans, which call for a one-story structure of nine rooms. The construction will be of reinforced concrete, with walls twenty-four inches in thickness. The residence will be heated by fireplaces, of which there will be four in the dining-room. The ceilings will be finished in rough-hewn cedar beams. It is planned to surround the house with a garden and roadway and in the general beautification of the grounds.

Care and Responsibility.

THE responsibility attached to the preparing of a remedy for infants and children is undoubtedly greater than that imposed upon the manufacturer of remedies for adults whose system is sufficiently strong to counteract, for a time at least, any poisonous drug. It is well to observe that Castoria is prepared today, as it has been for the past 40 years, under the personal supervision of Mr. Chas. H. Fletcher.

What have makers of imitations and substitutes at stake? What are their responsibilities? To whom are they answerable? They spring up today, scatter their nefarious wares broadcast, and disappear tomorrow.

Could each mother see the painstaking care with which the prescription for Fletcher's Castoria is prepared: could they read the innumerable testimonials from grateful mothers, they would never listen to the subtle pleadings and false arguments of those who would offer an imitation of, or substitute for, the tried and true Fletcher's Castoria.

Children Cry For

Fletcher's CASTORIA

A Word About Truth.

"Great is Truth, and mighty above all things." So says the Old Testament, yet it is equally true to-day. Truth shows no favors, fears no enemies.

From the inception of Fletcher's Castoria, Truth has been the watchword, and to the conscientious adherence to this motto in the preparation of Fletcher's Castoria as well as in its advertising is due the secret of its popular demand.

All imitations, all substitutes, all just-as-good preparations lack the element of Truth, lack the righteousness of being, lack all semblance even in the words of those who would deceive.

And you! Mothers, mothers with the fate of the World in your hands, can you be deceived? Certainly not.

Fletcher's Castoria is prepared for Infants and Children. It is distinctly a remedy for the little ones. The BABY'S need for a medicine to take the place of Castor Oil, Paregoric and Soothing Syrups was the sole thought that led to its discovery. Never try to correct BABY'S troubles with a medicine that you would use for yourself.

CALLS SCHOOL HEAD "UNFIT."

Venice Welfare Association
Attacks Supt. Keppel.

Supervisors Hear Beach City
Board Members Talk.

Secretary Refuses to Resign;
Says "Fight is On."

The Venice school row which to date has resulted in the resignation of W. F. Thornbury, district superintendent; a sharp criticism of County Superintendent of Schools Keppel, and a demand that he be removed from office because of asserted "unfitness—temperamentally and otherwise;" a charge of nepotism by Mr. Keppel against C. A. Short, secretary of the Venice School Board, and Mrs. Ethel L. Lloyd, president of the Venice School Board, came to a hearing before the Board of Supervisors yesterday.

"Mr. Keppel will never get my resignation," Mr. Short said. "If he takes this matter to the grand jury I will go with him. The fight is on. If Mr. Keppel wants a grand jury investigation I will give him all he wants of it."

Before Mrs. Lloyd and Mr. Short spoke, Mr. Keppel insisted that they be sworn.

A resolution adopted by the Venice School Board Association asking for the removal of Mr. Keppel was read by Dana Burke. It stated in part that "in our opinion Mr. Keppel acted with poor discretion in giving W. F. Thornbury a letter of highest commendation, knowing as he did at the time of giving some of the circumstances surrounding the resignation of Mr. Thornbury at the unanimous request of the Venice grammar school board. We believe that said action of Mr. Keppel shows evidence of insincerity and a disregard of the ethics which should control him in his public office."

"Such action by Mark Keppel and other actions done by him in office evidence in our opinion unfitness temperamentally and otherwise to hold the position of county superintendent of schools. In our opinion the best interests of the schools of Los Angeles demand the removal of Mark Keppel from office and the appointment of one more eminently qualified to hold and administer the responsible office which Mark Keppel now holds."

In our opinion the best interests of the schools of Los Angeles demand the removal of Mark Keppel from office and the appointment of one more eminently qualified to hold and administer the responsible office which Mark Keppel now holds."

Mr. Keppel will be given an opportunity by the Supervisors next Wednesday to make a reply.

"Billy" Short, the daughter of C. A. Short, the latter being charged by Mr. Keppel with having illegally made a demand for her pay as a temporary clerk, was very much interested in her father's hot shots at Mr. Keppel. Mr. Short declared his daughter was employed by permit and exhibited the permit.

Hears Details of Marketing
Successes Won Here.

"Between the time a cotton crop is gathered and the time it is manufactured into fabric, credit has to be extended to some one, and it is not fair to make credit extensions to the middleman alone; the farmer should get credit, to the end that he need not sell his crops as soon as they are harvested."

Frank Cotton as a leader for argument, Henry M. Robinson, president of the First National Bank, voiced this opinion yesterday in an address on "Commodity Credits" at a luncheon given at the California Club as a compliment to visiting representatives of the American Farm Bureau Federation.

Mr. Robinson declared that the formation of large corporations from small business enterprises, which gave rise to the term "trust," a decade or two ago, was a manifestation of the co-operative idea in big business. He declared that the California Fruit Growers' Exchange was such a lasting together of small "The co-operative marketing idea is the collective bargaining idea embraced by union labor," asserted Mr. Robinson, "and such organizations would suffer all the internal troubles that disturb labor unionism, but for the fact that the membership of co-operative marketing organizations is of a better average of intelligence."

WHY THEY PROSPER.
George E. Farrand, attorney for various co-operative marketing organizations, told the visitors that such bodies are essentially public utilities, because of their peculiar relation to the public. He reviewed the history of several co-operative systems in this State and declared that they succeeded because they keep their products out of the hands of speculators.

C. C. Tongue, president of the California Walnut Growers' Association and vice-president of the California Fruit Growers' Exchange, explained in detail the present marketing system.

G. Harold Powell, general manager of the California Fruit Growers' Exchange talked on "Fundamentals of Co-operation." He said that successful organizations of this sort can be built only by slow growth and from absolute economic necessity; that the one-man, one-vote system must prevail and that capital stock should not be employed.

The advertising phase of the Sunlight marketing system was discussed by Don Francisco.

Last night at 10:30 o'clock the visiting delegation left for Fresno for a study of the marketing system of the associated raisin growers. From there the visitors will go to Hanford and San Francisco.

GREAT WESTERN POWER

BONDS of the Great Western Power Company have the strength of a unified power production and transmission system. A single vast storage reservoir controls the flow of the North Fork of the Feather River. On this single stream the company owns power sites to use this controlled flow again and again as it falls 4,000 feet from Lake Almanor to the level of the Sacramento Valley. A single high tension transmission artery brings this power directly to the centers of population of Northern California. This concentration means economy in construction, operation and maintenance.

The Great Western Power now produces 87,000 horsepower from the Big Bend plant. The Caribou plant, now under construction, will increase the hydro-electric output to 147,000 horsepower and is estimated to add \$2,000,000 to the annual net earnings of the company.

To complete the Caribou plant the Great Western issues \$3,500,000 General Mortgage Convertible 8 per cent gold bonds in denominations of \$100, \$500, and \$1,000, due August 1, 1930. These bonds are callable by lot, beginning August 1, 1922, at 105 and accrued interest. The yield is consequently from 8.33 to 10.31 per cent, according to the year in which each bond is drawn for retirement.

When these bonds are called the holders will have the option of being paid in cash at 105 and interest, or accepting a seven per cent thirty-year bond of the company and a cash premium of 5 per cent. Coal is found only in limited quantities in California. Our oil supply is rapidly becoming exhausted. The only permanent power, and the power least affected by the increased cost of labor, is water power. Last year 89 per cent of the output of the Great Western Power Company was hydro-electric.

We recommend these bonds as an exceptional short-term investment, convertible on attractive terms into long-term underlying bonds.

FINANCIAL AND TRADE REVIEWS.

(Continued from Eighth Page.)

WHY BONDHOLDERS GO WRONG.

Since the list of bond holders in the United States has grown from half a million to 20,000,000, salesmen have been obliged to revise their system of approach. It is no longer safe to assume that the prospect is fully informed in the technique of the market, because oftentimes he is not (or she) is possessed of only the haziest idea of what constitutes a bond or its equivalent. This throws a heavy burden of responsibility upon the shoulders of the intelligent young men who cry the wares.

Not long ago the Armour Company offered through its underwriting syndicate an attractive issue running far into the millions. A correspondent of a big local investment house whose computing machines don't register anything under four figures, spent several days comparing the advertisements and circulars concerning this offer and finally sent the following carefully guarded suggestion of a possible prospect:

"Have you any of the Armour notes left? I do not understand how the bonds notes can be used in more than 8 per cent rate, but if you can explain this, and will guarantee the notes and economic to deliver to me before I pay for them and collect the interest without charge and have any notes left, I might feel like taking a 100 piece."

EDISON EARNINGS.

The Southern California Edison Company which supplies electric light and power to over 150 towns and cities in Southern California reports its earnings for July, which show an increase of more than 50 per cent gross, 56 per cent net, and 85 per cent in balance for depreciation, dividends and surplus over July, 1919. The figures follow:

	July 1920	July 1919
Gross earnings	\$1,000,000	\$661,119
Operating expenses	\$661,119	\$421,100
Net earnings	\$338,881	\$240,019
Interest charges	\$272,218	\$207,218
Balance for depreciation, dividends and surplus	\$66,663	\$32,801

GERMAN MARKS. Los Angeles investors who took a flier in German marks during the year following the close of the war are wondering if their hope was on straight. They based their opinion largely on the fact that the exchange value of a country which had fallen 90 per cent should receive stimulation from expected heavy exports, did not always take into consideration the enormous inflation of currency which took place, and which is now the chief factor in the rapid recovery of German exchange.

OATMAN STRIKE REPORTED.

After eleven years of all the ups and downs to which a struggling mining company is heir, A. C. Werden, president of the Oatman Mining Company, told me last evening that advice from the mine foreman indicated a strike at the Oatman workings.

In substantiation of his optimism Mr. Werden displayed a dispatch which related that a shot had exploded a four-foot vein of quartz mixed with high-grade ore, and which would run at least 80 to 100 feet. The same authority stated that the next round was expected to show quartz for the full width of the six-foot vein.

The information, which was not generally known on the exchange until just before closing, resulted in some active last-minute trading, the price advancing from 8 1/4 to 1 1/4 cents, and 42,000 shares changing hands.

The bulk of the 1,500,000 shares in this company is held in California and Arizona. The mine is about a mile and a half from the United Eastern, and is said to be well equipped.

BIG NOTE ISSUE.

The Guaranty Trust Company of New York, Blair & Co., and E. H. Rollins & Sons, are offering a new issue of \$15,000,000 ten-year 7 1/2 per cent gold notes of Morris & Co. The notes will be sold at 98 1/4, to yield 7 3/4 per cent to the investor. Morris & Co. the well-known firm of meat packers, has total assets of \$114,000,000, with net current assets of over \$48,000,000. The total funded debt of the company is less than \$32,000,000. The average earnings of the company for the four years ended December 31, 1919, were about \$6,000,000, not including the earnings of South American subsidiaries. During the first three years the bonds will be redeemable at 107, the next three maturities at 102, the next two at 101, and the last two at 104. Through the operation of a sinking fund about \$5,000,000 of the bonds will be retired before maturity. The proceeds of the issue are to be used to retire current indebtedness.

LOCAL BANKER HONORED.

J. W. Lewis, assistant cashier of the Union Bank and Trust Company, returned yesterday from Detroit, where he attended the convention of the National Retail Credit Men's Association, and was elected to the board of fifteen directors. Mr. Lewis says that the East is fast abandoning its idea that Southern California is outside the Union, and he feels that the recognition implied in the election of a Los Angeles man to an important position emphasizes the fact.

EXPORTS AND IMPORTS.

United States exports in July were valued at \$54,000,000 against \$63,100,000 in June and \$59,000,000 in July, 1919. Imports were \$57,000,000 against \$53,000,000 in June, and \$44,000,000 in July, 1919.

POSED TO WIFE AS RICH BROKER.

Man Brought Here on Charge
of Bank Swindle Talks.

Married Pretty Young Woman
and Bought Plantation.

She Learned of His Income's
Source After Arrest.

How for more than four years he posed before his wife and friends in a small town in Tennessee as a wealthy plantation owner and stock broker, while in reality he was a fugitive sought by every police officer in the United States, was told yesterday by Joseph Decker, 58 years of age, asserted bank plunderer and swindler, on his arrival here from Houston, Tex., in custody of Police Detective King. Decker is wanted here on a charge of having obtained \$10,000 from the Farmers' and Merchants' National Bank on May 9, 1919, by means of forged drafts.

Decker was discovered and arrested by Police Detective George Lacy of Houston, on the 5th inst. Just after, it is said, he had obtained \$22,000 from the First National Bank of Humble, Tex. Following his arrest, he confessed the Los Angeles swindle to Detective Lacy and also admitted swindling the bank in Texas, advising state. A failure by bank officials to make a complete identification prevented prosecution in Texas and Decker was turned over to Detective King of this city.

According to the local records Decker arrived in this city early in April, 1919, posing as E. B. Chandler, a wealthy Texas cotton grower. Presenting forged letters to C. H. Dowell of the Los Angeles Stock Exchange, Decker secured an introduction to officials of the Farmers' and Merchants' National Bank, and on May 9, after having drawn a draft through the bank, on Chandler's account, in Texas, cashed two checks amounting to \$10,000, it is charged.

The drafts were returned as forged and when the bank started an investigation Decker could not be found. He was not heard from again until arrested here.

In his confession, Detective King says, Decker told of having married a young and pretty woman about four years ago. He purchased a large plantation in Tennessee and gave out the impression that he was a wealthy stock broker. Until his arrest, his wife believed that he was absent from home only while engaged in operating in stocks and bonds in New York City. According to Detective King, Mrs. Decker hurried to Texas following the arrest and heard from her husband's own lips the story of his real life. The police officer was present during the interview.

Police records are said to show that Decker, under many aliases, was a member at one time of the "Red Dugan" gang of bank swindlers.

TRAIL LEFT BY "WIZARD" HERE.

(Continued from First Page.)

England a year and a half ago and since his arrival in Boston had been struggling along with mining and oil stocks. Whether or not the Old Hickory Copper Company's stock was among them is not known. Then, overnight, Brightwell hitched his wagon to the Old Colony Foreign Exchange Company, becoming its president and treasurer, and sailed forth to outlive the great Ponzi.

For two weeks the new concern was doing a land-office business. It was established first across the street and then in the same building with Ponzi's money mill, and it was said by the authorities to have taken in more than \$200,000 from persons who sought to double and triple their investments in thirty and sixty days.

Like Ponzi, Brightwell kept his method secret, but it was given out that his scheme would make Ponzi's look small. Then the authorities took a hand in the fascinating game and arrested Brightwell and his associates.

While the financial wizards cooled their heels in the Charles-street Jail, accountants employed by the authorities busted themselves to find what had become of the money.

Wanted to Buy Milk, Not Take Vendor's Wife.

"Nothing to it all Judge, nothing at all."

So spoke Mrs. Hugh Durning of Van Nuys as her husband from the witness stand in Police Judge Chambers' court yesterday was relating how he came to attack Joseph Miller, also of Van Nuys, when he called at the Durning dairy to purchase some milk.

The judge seemed to agree with Mrs. Durning and after finding her husband guilty of battery imposed a \$100 fine.

According to the testimony given in court and the reports of Police Detectives Mendes and Gerard, who made the arrest of Durning several days ago the fight took place after Durning accused Miller of attempting to steal his wife. Miller at the time had called at a dairy conducted by Durning to purchase some milk.

After hearing much of the testimony, and Mrs. Durning's loud avowals that there was nothing between her and Miller, Judge Chambers found the defendant guilty.

UNION OFFICER SUES.

Wants Heavy Damages from Officials Here for Two Arrests.

George W. Graydon, local financial secretary of the O.B.U., otherwise known as the One Big Union, who some time ago was arrested for reputed criminal syndicalism, filed suit yesterday against Dist. Atty. Woolwine, Dep. Dist. Atty. Keyes and Police Detectives Brown, Moore and Butten, demanding \$20,000 damages.

He was twice arrested and declares the grand jury refused in both instances to indict. His arrest, Mr. Graydon states, was not based on any complaint filed against him.
